

USA HOCKEY BENEFITS OVERVIEW

As the National Governing Body for the sport of ice hockey in the United States, USA Hockey's mission is to promote the growth of hockey in America and to provide the best possible experience for all participants.

The individual registration fee is \$30. The registration fee is waived for all players ages 6 and younger. The fee of \$30 remains the same for all other players or coaches regardless of age, level of experience, number of games played, etc. In other words, there are no added charges as a member moves through the program. However, members receive different benefits at different levels. For example, the benefits a Mite player receives this year will change as he or she progresses from season to season. If a participant plays and coaches he/she pays only one registration fee.

USA Hockey membership benefits include:

- Registration of players, coaches, officials and teams
- Access to our Cross-Ice Program to maximize young players' ice time
- Access to USA Hockey Skill Development Program for the beginning skater
- Opportunity to play in District and National Championship Tournaments
- Opportunity to be selected for regional and national Player Development Camps and Festivals, various Select Teams and the USA Hockey National Team Development Program
- An extensive Junior Program for high-level players to develop their skills in preparation for collegiate and professional careers
