

Good evening NDAHA Affiliates,

Hope everyone's summer has gone about as well as it can!

Some of you have begun registration for the upcoming hockey season. We wish you all the very best in continuing the growth each of your programs has seen over the past few years within your programs!

Here is some information for you all...as always, please feel free to pass along to whomever you wish!

Affiliate Information ~

There are a lot of "new additions" to the affiliate update list as I went through and added all of the affiliate submissions and added them to my group email list. For those that are new, I try to send at least one email to you all each month to keep you updated with anything NDAHA related. This update message will be a little shorter than others as we have the Fall Meeting coming up and there will be a plethora of information for you all at that time.

If you are still receiving this email and you are no longer a point of contact for your affiliate, it means that your affiliate has not submitted new information to NDAHA via the submission link below....It also means the points of contact in your affiliate are not getting this information unless you pass it along to them.

NDAHA Fall Meeting ~ September 9th & 10th, 2022

I have attached the following for the upcoming Fall Meetings at the Minot Municipal Auditorium in Minot, ND.

- Agenda for the 2022 NDAHA Girls Section & Board of Directors Fall Meetings beginning on Friday September 9th and concluding on Saturday September 10th
- Meeting Minutes from the 2022 NDAHA Board of Directors Spring Meeting that will be approved on Saturday at the BOD meeting.

NDAHA Scheduling Meeting ~

- All schedulers are required to be in attendance at the conclusion of the Fall BOD Meeting on Saturday September 10th in Minot to schedule games.
- During the Board of Directors meeting, they will be discussing then ratifying the league play recommendations from the Youth & Girls League Governance Committee along with the Junior Gold league play.
- This will allow everyone to know exactly when jamboree are scheduled, what the league play looks like and make everyone's life a lot easier in having as much scheduling, if not all of it, completed when you walk out of the Civic Auditorium door on Saturday!

Player Development ~

- Our Tier 1 & Tier 2 Team ND teams will be starting the fall portion of the player development program. Some have already been through their respective training camps with others finishing those up this coming weekend and they will be off and running for the fall portion of the program.
- At present, our Bantam and High School NPHL programs are blowing their tops off in the total registration # 's. This will make for two very fun and developmental leagues prior to all of the players community based seasons! Registration is still open, early bird fee ends this coming Friday and the deadline to register is next week.

I will make this month's update short and sweet. I however, may have a tad bit more to catch you up on prior to the Fall Meeting, and if so, will pass it along to you all, but until then or at the Fall Meeting, let's get ready for another great season of hockey!

If you need something, don't hesitate to reach out to your respective District Directors or anyone on the NDAHA Board of Directors

Have a great night!

Matt Stockert
