He mentioned that Wade Storey has resigned as the ND Player Development Director and Jarrod Olson has accepted the position to replace him. Mr. Tollefson informed the group that under the new structure there will be a Director of Player Development from either the East or West and the Associate Director will be named from the area not represented by the Director of Player Development. That way, we will always have the entire state covered. In addition, to naming an Associate Director, Mr. Tollefson is looking for a Finance Director and Marketing Director for the Select program. It has grown in size and revenue and needs additional attention.

1. By-Law, Article VII-Vote of Board of Directors (Pg 8). The proposal was designed to help improve the annual meeting by streamlining the voting process.

Mr. Gillen reviewed his proposal.

- Proposals for the annual meeting will be due by January.
- The proposals will need to be forwarded to Gary Splicahl and the Secretary.
- The Secretary will compile all the proposals and send them to all Districts and Affiliates in January.
- The Districts and Affiliates will have at least 2 months to review the proposals and vote on each.
- The Districts will compile the voting and forward the results to the Secretary.
- If the proposals voting results are below 35% or above 65% they are automatically rejected or approved respectively and will not be voted on by the affiliates at the annual meeting.
- Instead those proposals will be grouped together for a pass/fail vote by the Board of Directors, thus saving a great deal of time. (Mr. Gillen informed the group that USA Hockey uses the same format).
- At the annual meeting any affiliate vote or Board vote of 75% or above can bring a defeated proposal back on the table for a new vote.
