

Class AA / Class A Boys Leagues

Submitted by Brad Lucke

Associations who have a team at the Bantam or Peewee AA level will compete in a league against all other AA associations across that level.

AA Associations will have a league that includes AA, A, B1, B. .

AA and A leagues would become Statewide.

State Tournament sites could be defined earlier and provide opportunity for more communities to host.

AA and A teams would continue to play each other to fill schedules.

For comparison this years leagues would have been:
