INTENTION OF PROPOSAL:

The NDAHA Girls HS league is a high school league that recently has had a variable league schedule arrangement as NDAHA explores age levels unique to girls hockey. To build long term stability and enjoy a similar functionality to the Boys junior gold league, the number of games and structure should be set with an overall goal of 20-24 total league games. Proposed section 6 provides this.

Changes within proposed section 7 are to make it clear that this is a USA Hockey HS age classification and NOT a USA Hockey 19U age classification.

The other proposed changes correlate league standing points and other provisions to the Youth League.
